## **Hansei (Reflections)**

With 2009 rapidly coming to an end and a new decade commencing it is with satisfaction that we can look back on 2009. It is hard to pick a highlight, but the seminar with Takeno Sensei and the way in which everybody pulled together to make this event a success, stands out in what has been a big year for AYNSW.

Following Takeno Sensei's visit we had Joe Thambu Sensei mid year for a series of clinics over a weekend. Joe Sensei led us through aikido foundations, restraint & removal and practice and principles. It was a big 3 days of aikido and we are very grateful to Joe Sensei for making his time available.

Paul Cale Sensei expanded on the concepts of aiki in an aiki-striking seminar in October. Paul Sensei has an extensive martial arts background, the knowledge he brings is both exacting and complete. The aiki-striking seminar focused on uke's role in budo training. Paul Sensei clearly tied the roles of shite and uke together within budo and showed us how simply we can adapt and apply the set Yoshinkan basics to different attacks.

I am looking forward to next year's training calendar. Chida Sensei's visit to Melbourne will be a great chance not just to train under a leading exponent of the art, but also a good chance to train with other aikidoka, and get their insights into the art.

Finally I'd like to finish by thanking all who have trained at and supported the dojo, this year and previous. A dojo is a community. The spirit of the dojo is the sum of all who have trained, assisted, repaired, sponsored equipment & events, arranged transportation, advertising, media, introduced friends and family and helped us grow. Particular thanks to the black belts who have always been ready to put other people's training needs ahead of their own and pitched in teaching the occasional class when needed.

The spirit of aiki is alive. 2010 will see us all develop further in both technique and spirit.

OSU!
